

LOCAL INTELLIGENCE.

TUESDAY EVENING, JULY 31, 1894.

Sun rises to-morrow at 4:57; and sets 7:33. High water 7:26 a. m. and 8:00 p. m.

WEATHER PROBABILITIES.—For this section partially cloudy; probably showers; slight changes in temperature; variable winds; mostly westerly.

PERSONALS.—The Charlottesville Chronicle says: "Mr. and Mrs. Charles King, of Alexandria, are spending the summer at Hotel Albemarle."

The Charlottesville Progress says: "Dr. Hamilton P. Howard, an alumnus and ex-demonstrator of anatomy at the University, arrived here this morning on his way from Sweet Chalybeate Springs. He will be the guest of the Misses Howard on Park street."

Mr. Harvey Smith was taken suddenly ill last night while returning from the excursion to River View on the steamer Samuel J. Pentz. When he arrived here he was attended by Dr. Gibson.

The Fredericksburg Lance says Miss Nettie Francis, of Alexandria, who has been visiting Miss Carrie Keene for several weeks, left for home Friday, accompanied by Miss Keene.

Mr. Wm. N. McVeigh has returned from Richmond.

Miss M. Katie Price left yesterday morning for Barnesville, Md., to spend the remainder of the summer with her sister-in-law, Mrs. Geo. T. Price.

Messrs. John S. Beach and F. S. Harper have gone to Atlantic City to spend a week.

H. C. Parham, formerly with W. D. Hudson, has accepted a position with E. S. Leadbetter & Sons.

Mr. R. F. Knox Jr., has returned from Capon Springs.

PUBLIC SCHOOL FINANCES.—Clerk of the City School Board has completed his annual report of the receipt and expenditures of the public schools of the city for the year ending to-day, July 31st.

The report shows: Receipts—From State funds, \$6,900.84; from city \$13,500; from sales by city authorities of old pistols, &c., \$13.35; balance from last year, \$361.90—total, \$20,776.09.

Expenses—paid teachers \$14,830; janitors, \$1,310; clerk, \$300; treasurer, \$150; fuel, \$708.95; insurance, \$150; real estate, buildings, furniture and repairs \$1,682.73; other contingent expenses \$765.52—total, \$19,898.20, leaving a balance on hand of \$877.89. The board holds, as trustees, five school buildings valued at \$5,000, on which there is now a debt of \$7,250. During the past year a note of \$500 due on the Washington street lot was paid, as was also a note of \$334.18 due on the last purchase of school furniture. Last year there were 32 schools—11 for white boys, 9 white girls, 6 colored boys and 6 colored girls.

SENT TO THE CHAIN GANG.—Toots Olden and William Price, two vagabond negroes, who gave the police much trouble, were arrested yesterday on suspicion of robbing Jos. Whitman's saloon Friday night. In the Police Court this morning the charge could not be proved, but they were subsequently arraigned on the charge of vagrancy, and being unable to show any visible means of support, were sent to the chain gang for thirty days. Price and Olden are members of a gang of negroes, male and female, who roost in a two room hut in the northern part of the city. None of them work, and they all come under the vagrant law. Mayor Strauss ordered the police to raid the place and bring all the occupants before him. The women he cannot put on the chain gang and the work house is generally full. It is therefore suggested that Council pass an ordinance providing that those amazoons be put to pulling grass from the streets, picking oakum or something else.

HAD BEEN CONFINED.—A colored woman, much excited, went to the station house Sunday and applied for a warrant against a female of her own race whom she charged with casting a spell on her premises. Capt. Webster told her there was no need of a warrant in such a case, as the spell could be broken very easily. He told her to go home and procure some good salt and strong black pepper, mix them thoroughly and sprinkle the same around the house and no trouble would follow, as the conjurer in crossing where the compound was spread would be cast into a cataleptic fit immediately and have what is known as "faciolor ataxia." "Is that so," exclaimed the would-be plaintiff, in a fit of glee. The captain assured her the remedy was never known to fail, and the woman left after expressing her purpose to try the remedy at once.

POLICE COURT.—Major Strauss presiding.—The following cases were disposed of this morning:

Ellen and Susan Cave, colored, arrested by Officers Sherwood and Howson for disorderly conduct, were fined \$2 each.

Nettie Rosser, charged with assaulting Rosie Brown, was fined \$7.

Carrie Travers, arrested by Officer Ticer for disorderly conduct, was fined \$5.

Toots Olden and Wm. Price, suspected of robbing the saloon of Joseph Whitman, were released from that charge but sent to the chain gang for thirty days for vagrancy.

Night Report.—Last night was clear and mild. Two prisoners were at the station house.

ROWS BETWEEN WOMEN.—Nettie Rosser and Rosie Brown, inmates of rival houses in the northeastern section of the city, became involved in a dispute yesterday, when the former used her umbrella on the head of the latter. The Rosser woman was arrested and this morning paid \$7 for allowing her temper to get the best of her. Carrie Travers was also arrested for abusive language toward Rosie Brown and for disorderly conduct in the street. She was fined \$5.

SETTLED BY ARBITRATION.—A claim of Mr. Charles Howard for \$441 for repairing the roof at the gas works was settled by arbitration this morning. The light committee declined to pay the bill some time since on the ground that the amount was excessive. Mr. Howard then offered to accept \$300 for the bill, but this, too, was declined by the committee. To-day arbitrators met to consider the matter and awarded Mr. Howard \$407.

Mrs. Mary A. Fields, one of the oldest residents of the county, died on Tuesday last, and was buried at Walker Chapel on Tuesday.

THE DUNCAN ROAD CASE.—The case of the Commonwealth vs. James Duncan came up to-day on a continuance in the County Court, Judge Tebbis, of Loudoun, sitting for Judge Chichester.

As heretofore stated the case is on a peace warrant and a rule against Duncan to show cause why he obstructed the county surveyor in laying out a road (the Mount Vernon Avenue) which road had been ordered to be opened by the court. After hearing evidence in the case and examining a plan of survey of the road, the court heard arguments by Col. F. L. Smith and Mr. Edmund Burke, counsel for Mr. Duncan, and by Mr. A. W. Armstrong, for the Commonwealth and the Board of Supervisors. Judge Tebbis decided the case in favor of Mr. Duncan, reversing the decision of the magistrate, dismissing the contempt rule which had been issued against him and relieving him of his bail bond. During the trial it was shown that the road which had been ordered opened was upon a part of the land of Wm. Duncan. A summons was then issued against Wm. Duncan for him to show cause why the road should not be opened through his land. The decision of Judge Tebbis will, it is understood, stop for a time the construction of the fine road which was being built in Jefferson district. This is much regretted by the county people generally.

BILL PASSED.—The Senate yesterday evening passed the bill to incorporate the Washington and Great Falls electric railway company, which passed the House last May. The Senate District committee amended the bill so as to strike out nearly the whole of the House measure and substituted several paragraphs. One, affecting the route, authorizes the company to erect and maintain a passenger station anywhere in the square bounded by Prospect, Thirty-fifth, M, and Thirty-sixth streets, and run its tracks along Prospect street to Thirty-eighth street, thence northerly on the land to be acquired by the company at Foxhall road. Another amendment provides for the erection of a union passenger station at the Aqueduct bridge by the Washington and Georgetown railroad.

THE "COMMONWEALERS."—Attorney General Scott was expected here from Richmond to-day to advise with Sheriff Veitch and Mr. Frank Hume, of the county, in reference to the removal of the army of "Commonwealers" now camped near Rosslyn, but up to four o'clock he had not arrived. Maj. Scott has already notified the authorities that if any of the men were arrested for violating any of the State or county laws he would come here and assist in prosecuting them. So far the men have acted quietly and orderly and the reports that they have made threats are entirely incorrect. Mr. Hume thinks that the army will gradually dwindle away and that as soon as Congress adjourns they will all leave the county.

THE DRIVING PARK.—The Alexandria Driving Club will to-morrow night entertain a number of their friends at the Gentlemen's Driving Park, near this city. The park has been made one of the prettiest driving parks in the country. The track is certainly a fine one; the buildings are handsome and commodious and many more are to be erected—all with an eye to architectural beauty. Stables for fully three hundred horses have been erected; an electric plant for lighting the park by electricity is being put in and water mains will be laid there. It is the purpose of the managers to make the place one of the most attractive driving parks in the country and the fastest horses are to be run there.

REDUCING THE FORCE.—A reduction in the force of clerks in the general offices of the R. & E. R. Co. in Washington has been made, by which Messrs. Henry Dingemeyer and Wm. Burroughs, of this city, are among the number who lost their places. The salaries of a number of other clerks were also reduced, including those of several Alexandrians.

A commonwealer named Jennings applied to Mayor Strauss yesterday for permission to make an open-air speech in front of the Bradwell Hotel. He was told he had better rent a hall and not have a street meeting. He was also told that the peculiar doctrines which were promulgated by him would not be tolerated hereabouts. To-day another man, supposed to be a commonwealer, waited on the Mayor and asked permission to speak on the public streets. His request was refused, and the Mayor told him as he did the first, to rent a hall. The stranger said he did not rent a hall and would speak in the street. The Mayor warned him that should he do so he would be locked up.
